

Instructions for mailing Custom Quilts

You do not have to live close to get a quilt quilted. If you think you live to far, you don't, as long as you have a zip code you can send a quilt.

1. Make sure that you have your top prepared properly for quilting. Follow the instructions on "Preparing your Top to be Quilted".
2. Print out a form to send with your quilt top.
3. Make sure you complete all the questions on the form.
4. Put your top, back if you are supplying, batting if you are supplying, and fabric if I am binding into a box and tape it securely.
5. I prefer that you send your quilt by United States Postal Service (USPS) so you can go online to www.usps.com to find out requirements and postage rates. Most Post Offices have free Priority boxes that you can use, but not required.
6. **DO NOT PUT MONEY IN THE BOX.** I will let you know when the quilt is done and how much it will be with returning postage and then you can send a check or money order.
7. Make sure that you have proper postage on the box and place it in the mail. If you can not get to a Post Office they will pick up your package from you.
